

SEEKING VOLUNTEER EDITORS FOR THURSDAY NEWS

The weekly Thursday Newsletter is put together by a group of parent volunteers and the principal in an effort to help keep everyone up to date on important school information and current events. Additional volunteers are needed to help fill out the rotation.

Each week, the rotating editor is responsible for compiling article submissions from various sources into a pre existing template. The work is primarily done on Tuesday evenings. Otherwise the scheduling is flexible. Only a home computer and internet connection is required, no special software needed. If you are interested in helping out this publication (and getting the news before it hits the press!), please contact me at lidia.mai@gmail.com for further details.
